## ( $2 \& 3$ Series Casters)

Easy to engage.

Easy to disengage.

Colson Floor Lock Brakes are designed for use on level surfaces and are not recommended for use on inclined surfaces. It is important to select a floor lock model that clears the floor when retracted. To adapt a floor lock brake to your present equipment, select a model with an extended height $1 / 16^{\prime \prime}$ to $1 / 4^{\prime \prime}$ greater than the overall height of the caster.
