|                                                                                                                                       | 125            | 155         | 122                 |             |

\* Wheels also available with plain bearings—JBA, JCI, JNN, JUA.

<sup>1</sup> For optional thread guards, add G at the end of wheel code.

<sup>2</sup> Bushes available to reduce bolt hole to 8 mm, 3/8" and 10 mm.

Also available with a 16 mm bolt hole fork as a custom order.
