

Special purpose(Wheels) High-Quality TDI Wheel

Special Purpose Wheels

kg 50 ~ 8,000 kg

✓ RoHS

The excellence of our special purpose wheels has been proven by providing its casters to high-tech line, of the domestic and foreign outstanding company demanding the strict clean class. Offer the best smart solution in any condition based on the technology for 20 years.

✓ Properties of High quality TDI

- Outstanding tensile/tearing strength
- High abrasion resistance
- Anti-static($10^8 \sim 10^9 \Omega \text{cm}$)

✓ Available with a range of wheel size(D50~D550)

✓ Application

- Drive or guide wheels for Heavy duty equipment
- Drive wheels for the equipment operating at high speed
- Drive or guide wheels for various logistics equipment (STOCKER, AGV, LGV, RGV, OHT, SHUTTLE, ROLLER)

「TDI series, Good dynamic properties, Suitable for a range of applications.

Polyether or polyester materials, Have the great dynamic properties with the great tensile and tear strength」

1

AGV Drive Wheel
D200xW100(STEEL CORE)

2

AGV Drive Wheel
D150xW50(AL CORE)

4

Robot Drive Wheel
D200xW40(AL CORE)

5

Robot Drive Wheel
D100xW25(AL CORE)

Stocker Drive Wheel | AGV Drive Wheel
D500xW170(AL CORE) | D300xW120(STS CORE)

7

LGV Guide Wheel
D250xW180(STEEL CORE)

OHT Drive Wheel
D100xW25(AL CORE)

8

Conveyor Roller
D70xW30(STEEL CORE)

Conveyor Roller
D200xW50(STEEL CORE)
